Burglars Get \$2700 In Suits At GC Store

Losses in 12 Other Area Thefts Include TV Sets, Motorcycles

Burglars broke into the P. N. Hirsch & Co. store, 1326 Nineteenth street, between 6:30 and 7:10 p.m. Saturday, and escaped with \$200 in cash and prices, valued at \$800. The total value of the stolen goods was \$1,000.

Gerald Shaul, general manager of the store, found the store's rear door forced open and that suit racks looted when he returned home, but within 10 minutes after closing time.

Shaul said he returned to the store at 7:30 p.m. because he had been disturbed by the presence of two "strange" men in his store. One man entered at 4 p.m. and strolled around seeming to stake out Shaul's shop. One of the men tried to enter through the rear door, but was stopped when Shaul told him to go around to the customer's entrance in the front if he wanted to shop.

Shaul said the men left the store when he asked them to. They did not give any appearance of wanting to purchase anything.

Shaul reported the burglary to the Granite City police immediately after finding the store looted. The police are searching for the two men Shaul described.

12 Other Crimes

Twelve other Quad-City area thefts were reported, including the theft of two color television sets worth \$1,000 in a store burglary. Two motorcycles were stolen in separate crimes and guns were stolen in two house break-ins. One television set was taken at the Sears store, No. 25 Nameoki Village shopping center, was found open at 10:30 a.m. on Sunday, and an investigation is under way to determine the value of the two color television sets missing. Their value was set at \$1,000.

Police also noted there were marks on the front of some doors and windows discovered by Arthur Sprioff, 2828 Victory drive, who said he had been at work in the nearby laundromat and had checked store doors before departing at 2 a.m. The store door was locked at that time.

While the Alvin Thompson family was out-of-town Saturday morning, a burglar who had been entered through a rear window and a 19-inch television set worth \$140 was stolen. The theft was reported to Venice police Saturday evening.

After waiting nearly three

Reject Offer in Mechanics Strike

Striking auto mechanics in Madison and St. Clair counties voted 2 to 1 Saturday at the Labor Temple here to reject an offer by the Automobile Drivers Association, although truck mechanics in St. Louis accepted a new contract.

Striking auto mechanics in Madison and St. Clair counties voted 2 to 1 Saturday at the Labor Temple here to reject an offer by the Automobile Drivers Association, although truck mechanics in St. Louis accepted a new contract.

Striking auto mechanics in Madison and St. Clair counties voted 2 to 1 Saturday at the Labor Temple here to reject an offer by the Automobile Drivers Association, although truck mechanics in St. Louis accepted a new contract.

Madison and St. Clair mechanics are members of Lodge 777 of the International Association of Machinists.

St. Louis mechanics belong to Lodge 777 of the IAM.

The strike went into its 15th day today. Car dealers are conducting sales business as usual; they report.

Plans for County Dog Pound Being Drafted

An engineering study and plans for construction of a new county dog pound will be conducted by State Supervisor, Alvin Schaefer, on authorization of the rabies control committee of the Madison county board of supervisors.

The pound is to be located on county-owned property along Madison Avenue, just east of the courthouse.

The cost is not to exceed \$25,000, according to a board resolution adopted at its July 10 meeting.

A 40x60-foot concrete block and brick building is planned to accommodate 75 to 100 stray dogs. The county is to be located the building over a 10-year period, with lease payments to apply toward the ultimate purchase. A call for construction bids will be made when the architectural work is completed.

Four Hubcaps Stolen

C. of C. Farm Tour

Scheduled Aug. 29

Reservations are now being accepted for the third annual Business - Industry - Agriculture tour on Tuesday, Aug. 29, arranged by the chamber committee of the Tri-Cities Chamber of Commerce.

A highlight of the tour of four outstanding farms in Madison county will be a demonstration of the new farm of Clifford Losch. The farms to be toured are the farm of Richard E. Ellis, the hog farm of Earl Gansberg and the dairy farm of Ray Winter.

Alt-conditioned buses are to

leave the C. of C. office, 1830

Delmar avenue, at 10:45 a.m.

and return at 4:30 p.m. The stop for luncheon will be at the Diamond Springs restaurant, Granford. Commentary will be by members of the Madison County Farm Bureau advisory staff.

Col. Hoskins Associate

Director of Chamber

Col. Charles E. Hoskin III,

commanding officer of the Gran-

ite City Army Depot, has been

appointed as an associate mem-

ber of the board of directors of the

Tri-Cities Chamber of Com-

merce. President Howard W.

asberg announced today.

Associate members of the

Chamber board include local

mayors and a representative

of the Quad-Cities Ministerial

Association. The remaining 39

members serve three-year elec-

tive or appointive terms, 13 re-

tiring each year.

Five Drivers Arrested

On Wrong-Way Street

Five drivers were charged

with driving the wrong way on

State street between Niedring-

haus avenue and 21st street Fri-

day afternoon.

They are Paul E. Chinchok,

3006 Myrtle avenue, also charged

with driving without a valid op-

erator's license; Joyce L. M-

arshall, 1001 State, Walton, 6

Victoria Lynch avenue; and Michael K. Sullivan, Collinsville, also charged with driving while his

license was suspended.

Crash on Bridge

Involved in an accident Friday

afternoon on McKinley Bridge

were eastbound auto drivers by

Carolyn Bonner of Irvington, Ill.,

and Bessie Seibolt, 1700 Bremer-

avenue, both of St. Louis. There

was damage to the left front of the

Bonner auto and to the right

side of the Seibolt car. The crash

occurred atop the bridge east of

the main span.

License Suspension

A driver's license suspension

has been ruled by Secretary of

State Paul P. Portnoy for Lemli

W. 29th, 1040 Main, Jonesboro.

Portnoy, for reason of permitting

fraudulent use of license. The sus-

pension was handed down last

week at Springfield.

MORE ABOUT Incinerator

stricter county stand regarding landfills, Collings Supervisor Gilbert W. Killinger, alleges that "all the waste material from Ferguson and Florissant and half of it from Beloitontaine is now being dumped" in Madison county.

He says that the July county board vote will be upheld by courts and will prevent Madison county from "becoming the garbage dump of the state."

While opinions differ regarding the good and bad points of landfills, and regarding how closely their past operations have been supervised by county inspectors, the general principle is clear-cut in spelling out what a landfill ideally should be operated to assure that it "promotes and protects the general health and the control of disease."

The ordinance contains 15 regulations governing landfill operations:

Compaction Procedure

1. All garbage and other refuse accepted by the permit holder must be thoroughly compacted by equipment of sufficient weight and capacity to carry out all necessary operations. Sufficient auxiliary equipment must be maintained on the site or must be otherwise available in case of a breakdown.

2. All refuse material is to be spread out on the "working face" of the landfill so that the depth does not exceed a maximum of two feet prior to its compaction.

3. A green screen must be continuously placed to prevent fires and the blowing of papers. It is to be neat and sanitary at all times, and "shall be covered at the end of each day's operation" to prevent birds, paper and unnecessary obtrusive conditions. The size of the active face to refuse must be kept to a minimum, conforming to operational plans previously approved by the operator and approved.

4. Cover material is to consist of loam, clay, sand or a mixture of at least 50% earth and other inert materials, such as gravel, cinders or sand.

Six, 12-Inch Covers

5. A minimum depth of six inches of compacted cover material and final spread cover material "shall be kept on all inactive faces" at all times. Active "faces of landfills" "should be covered at the end of each day's operation or as otherwise directed by zoning Administrator Jack Clifford, with at least six inches (before compaction) of cover material.

5. When the fill has been brought up to within two feet below the desired finished grade, it is to be covered with at least two feet of compacted cover material and seeded to prevent erosion. Surface drainage toward the natural ground line grade or downward is to be avoided.

6. Where the "French system" of sanitary landfill is used, successive parallel trenches must be at least two feet apart.

7. All refuse on a site when a permit is issued must within 15 days be collected, compacted and covered and left a foot in depth, in which the desired finished grade, or with inert material at least two feet deep at the finish grade.

8. The operator is to erect an eight-foot high wire fence and an entrance gate that can be controlled. Burning of any kind is expressly prohibited.

FIRST-PLACE HONORS in the a cappella singing division at the 1967 Cavalcade of Music at the Illinois State Fair were awarded to the Collettes of Granite City Friday. They are, left to right: Robyn Robertson, Gloria Schiber, piano accompanist, and manager

Richard McKinney, Colleen Robertson and Candy Jones. They performed the same evening on the grandstand stage. The group won second place last year.

hours and days of operation must be clearly shown.

Salvage Material

9. Material salvaged from the fill must be handled and stored in such a way as to prevent rats, birds, paper and unnecessary obtrusive conditions. It must be removed to a distant location to avoid interfering with the compacting and covering.

10. Burning of any material deposited in the dump or on landfills is prohibited except where the zoning administrator issues a special permit for burning.

11. Adequate firefighting equipment must be available at all times on the site, or proof must be shown of an agreement with a fire district.

12. No fill is to be placed in streambeds or other areas where it would block streams or where it would interfere with the flow of water or would pollute any water course.

13. An approved access road must be provided, remaining passable in all types of weather.

14. Adequate dust control measures must be taken, including the addition of a dust controller.

15. Insects and rodents are to be controlled and exterminated.

16. Dump regulations as concerning the landfill must be less detailed but ban garbage and combustible material.

They require compacting and covering, 24-hour removal of salage and debris, access roads and an entrance gate that can be controlled. Burning of any kind is expressly prohibited.

For Boys and Girls

Physical Fitness Workshop Set for Aug. 21-25 at SIU-SW

The Southern Illinois University, Edwardsville, and physical education faculty is sponsoring a Physical Fitness Workshop for boys and girls in grades two through eight beginning Monday, Aug. 21, and continuing through Friday, Aug. 25.

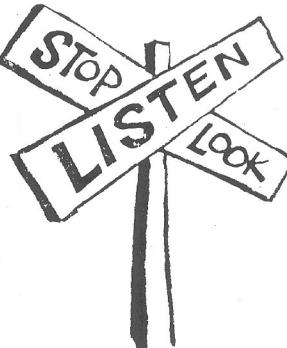

Purpose of the program, to be

Aug. 21 in Room 1043 of the University Center.

Those wishing to attend may register in advance by writing University Extension Services, SIU, Edwardsville. The work-

shop fee is \$2.50 per youth or \$5 per family. Fees may be paid in advance or on the first day of the workshop.

Further information may be obtained by calling Moehn at 692-3252 or 465-8922.

MORE ABOUT Clean Air

problem of providing a technical staff, Klassen noted.

"Granite City, because of the great amount of industry in its area, will need a sizable staff, including a technical secretary," he said.

Must Be Capable, Willing

With all ordinance and staff requirements met, a city still must prove itself capable and willing to enforce the regulations, Klassen said. The state board determines that a local unit can and will enforce its regulations, local enforcement will be turned over to the local board.

"We are trying to encourage local boards to assume the responsibility of enforcement as soon as possible," Klassen remarked, "because we realize that basically air pollution control is a state problem. The state never could expect to have a staff that could handle state-wide enforcement."

The state official was in this area to present a mobile air sampling unit to the region of Granite City, Illinois. The mobile unit, Klassen said, can be used to track down violators and pinpoint definite sources of pollution.

He explained the mobile units,

which are being placed in various parts of the state, are the only devices made

to measure the wind velocity and direction, as well as the time of these measurements.

With this information engineers

can trace directly to its source

any excessive pollution, Klassen

enforcement program is to assist pointed out.

SOCIETY

Miss Sharon Hamilos Is Bride of James Parker

St. Elizabeth's Roman Catholic Church, Pontoon and Johnson roads, was the scene of the wedding Saturday morning of Miss Sharon Hamilos, a daughter of Mr. and Mrs. Chris Hamilos, 2222 Waterman avenue, and James Parker, son of Mr. and Mrs. Keith Parker, 1509 Garfield avenue.

The Rev. George Morlock officiated at the double-ring ceremony at 11:30. Alton Bogni with minister, the organist, accompanied the soloist, Mrs. Nancy Simmons. Wedding selections included "Mother Beloved," "On This Day O Beautiful Mother," "O Lord I Am Not Worth."

The young couple exchanged wedding vows before an altar banked with bouquets of white mums and greenery.

The bride was escorted down the aisle by her father. She wore a gown of snow white with a delicate, featureless, fitted bodice with an A-line skirt. Her gown was given a jacket effect with an over-the-shoulder collar. The jacket was re-embroidered with a lace pattern, the bodice with crystals and pearls, done by the bride-elect. It featured a round neckline with a wide lace hem.

A very full cathedral-length, double-tier train of silk organza was secured at the waistline of the gown and ornamented with

RECENT BRIDE, Mrs. James Parker (Sharon Hamilos), who was married Saturday at St. Elizabeth's Catholic Church. She is a daughter of Mr. and Mrs. Chris Hamilos, 2222 Waterman avenue.

matching lace appliques flowing into a wide sweep.

The veil, six layers of silk illusion, was held in place by a pillbox crown lace-trimmed with crystal and pearl droplets.

She carried a bouquet of stephanotis, ivy and two white orchids.

Miss Patricia Parker, a sister of the groom, was maid of honor, and Miss Colleen Hogan, Miss Magi Harlan, Miss Jane Parker, a sister of the bride, and Miss Diane Williams, a cousin of the bride, were bridesmaids.

They were dressed alike in gowns of lime-peel linen. The floor-length dresses were designed with Empire waistlines and were styled each having a back panel to give a train effect.

They wore headpieces of lime-peel rosettes secured by a bow and shoulder-length veils in matching color. Each carried a cascade bouquet of yellow spider mums.

Miss Hamilos, a sister of the bride, and Diane Roberts, a cousin, were flower girls.

They wore identical floor-length dresses of aqua crepe, designed with a belt and a train which carried a nosegay of yellow "mums."

And a straight fitted skirt, the tail of pink flower petals held a matching veil in place. To complement the ensemble, she wore matching accessories.

The groom's mother, Mrs. Parker, chose a beige lace dress with a belt and a train, lace accessories and an orchid flower hat with matching veil.

Both mothers wore white or chin corsages.

The wedding breakfast was served at the restaurant in Belle

ville, and an evening reception was held at the American Legion Home in Venice. Mr. and Mrs. Parker were hosts at the rehearsal dinner for members of the bride, and Albert Trotter, an uncle of the groom.

MRS. HAROLD W. MOSS, the former Beverly Elaine Toncoff, a daughter of Mr. and Mrs. John Toncoff, 2579 Waterman avenue. Her wedding took place Saturday afternoon at First United Presbyterian Church.

Candlelight, Floral Setting For Goodman-James Nuptials

Miss Cheryl Ann James, a bride, daughter of Mr. and Mrs. I. V. James, was born in the Round Table in Col-

ling at the wedding.

The former Miss Hamilos was graduated from Granite City high school in 1964 and was recently employed as a service representative for Southwestern Bell Telephone Co. Mr. Parker is also a GCHS graduate, class of 1964, and attended Southern Illinois University for two years. He is currently self-employed as a meat distributor.

Following a wedding trip to the Tan Tan-A resort in Missouri, the newlyweds will return here to reside locally.

Norman Germaine of Kirkwood, Mo., a cousin of the bride, and Mrs. Robert Krieshok assisted Rev. Morlock during the Mass and

the wedding.

Mrs. Hazel Daly presided over the guest book at the reception.

GOULDEN ANNIVERSARY

Mr. and Mrs. Carl Borders of Alhambra, formerly of Mitchell and Granite City, celebrated their golden wedding anniversary Friday evening at their home in Alhambra, as friends neighbors and relatives surprised them with a party.

The couple was married in East St. Louis at the St. Patrick's Catholic church on April 14, 1948. They have one daughter, Mrs. Chester (Kathleen) Heile of Granite City and one granddaughter, Mrs. John (Patricia) Kickham, an 18-year-old grandchild, Michael Wade Kickham of Granite City.

Attendents were Mr. and Mrs. Carl Borders, their son and daughter, Mrs. John (Patricia) Kickham, an 18-year-old grandchild, Michael Wade Kickham of Granite City.

The wedding reception was held at the Pontoon Beach Fire Hall, and the couple left for a honeymoon in the Ozarks.

They will reside in Granite City, Ill., and the bridegroom is attending DeVry Institute of Technology in pursuit of an electronic degree.

Kathy Hauptman presided over the guest book at the reception.

VACATIONISTS RETURN

Mr. and Mrs. Paul J. Baker and children, 2323 State street, have returned from an extensive vacation trip to Western Colorado and their itinerary included parts of the Black Hills, the Bad Lands, and Mt. Rushmore in the Dakotas, Yellowstone National Park, the Forest National Forest in Wyoming, Estes Park and Colorado Springs.

Among the out-of-town guests here for the wedding were Mr. and Mrs. Harold Saunders and

Miss Toncoff, Harold Moss Exchange Wedding Vows

The wedding of Miss Beverly while the bridegroom's mother Elaine Toncoff and Harold W. Moss took place Saturday afternoon at First United Presbyterian Church.

The bride is a daughter of Mr. and Mrs. John Toncoff, 2579 Waterman avenue. Mr. Moss' parents are Mr. and Mrs. Harold W. Moss of Decatur.

Altar bouquets of white gladiolus and pom poms decorated the sanctuary for the 2:30 ceremony performed by Rev. Dr. David B. Martin.

The former Miss Toncoff received her B.S. degree from the University of Illinois and her Master degree in psychiatric social work from the University of Chicago. At the time of her marriage she was a member of Alpha Chi Omega social sorority.

The bridegroom, a junior in the University of Illinois Medical School in Chicago, received a B.S. degree from the University of Illinois and is a member of Alpha Kappa Kappa medical fraternity.

After a honeymoon of two weeks in New Orleans and Florida, the newlyweds will live in the home of Mr. and Mrs. John Toncoff, 2579 Waterman avenue.

The couple were lighted by Mrs. John Wadberg of Rockford, Ill., and Miss Linda Arbeiter of St. Louis.

Donald Bloomquist, the organist, played a short program of hymns and solo numbers. The organist was accompanied by Mr. and Mrs. William Jeffers of Champaign; Mr. and Mrs. Albert Schellhardt, Valmeyer, Ill.; Mr. and Mrs. Robert Howard, Dunlap; Mr. and Mrs. Billie Berg, and daughter, and Mrs. B. Neilson, Rockford, Ill.; Mr. and Mrs. Dean Bass and family of Terre Haute, Ind.; Mr. and Mrs. Eugene Farnham, Alaska; Mr. and Mrs. Butch Baker, Mattoon, Ill.; Mr. and Mrs. Herbert Bottrell and sons, Mt. Auburn, Ill.; and Mrs. Floyd Butt, Mr. and Mrs. Carl Försster, Mr. and Mrs. Robert Försster, and Mr. and Mrs. Hubert Moss, Mr. and Mrs. Mr. Donald Moss, Mr. and Mrs. William Sleeter, Mr. and Mrs. James Shulkin, Minn., Mickey Miller, and Mr. and Mrs. Ronald McCane, all of Decatur.

JOHN BREYER FAMILY RETURNS FROM WEST

Mr. and Mrs. John Breyer and daughter, Mary Ellen, 2665 East 27th street, have just returned from a vacation in the west. In Colorado, they visited their son and daughter-in-law, Dr. and Mrs. James Breyer, and their son, John, and Dr. Breyer is in residence at the Denver General Hospital and the University of Denver in pediatrics.

The Breyers also toured various places of interest, including Yellowstone National Park, the Grand Canyon, Tejo Park, U.S. Air Academy, Colorado Springs, Mt. Rushmore and the Bad Lands.

"HONEYMOON RACE," a morning television show, will feature Mr. and Mrs. John Rosisch (right) of Granite City, as they appeared recently during the taping of the program at Hollywood, Fla. They are being interviewed by Bill Malone, master of ceremonies, as announcer Richard Hayes looks on.

Local Honeymooners to Appear on TV Program

Mr. and Mrs. John Rosisch of Granite City and Northridge, Ill., participated in the taping of a daytime television program, "Honeymoon Race," while on a belated honeymoon recently in Miami, Fla.

The half-hour show is televised at 10 a.m. Saturday through Friday on ABC-TV channel 2, and the local couple will appear tomorrow. Honeymoon couple compete against each other in a scavenger hunt, wheels, in which participants are moved from all parts of the U. S. and Canada who are spending their honeymoons in Florida.

The Rosisch's were married about a year ago. She is the daughter of Mr. and Mrs. Thomas McRaven, Caseyville, and Lucas B. Shepherd, Belleville, were damaged at 5:15 p.m. Thursday in a collision at Second street and Broadway in Venice, according to a police spokesman.

Two scavenger hunts are held during the competition, three couples competing. After a brief interview with Bill McQueen, master of ceremonies, each couple is given a list of five articles which must be found in the Venice area in a shopping mall at Hollywood, Fla. They then board electric golf carts which are driven by the brides.

Only the husbands are permitted to leave the carts and enter the stores to seek the objects, and each couple must perform certain tasks during the hunt. These may range from picking up pennies while wearing heavy gloves to disarming a baby doll or carrying six footballs at once.

The first couple to cross the finish line with all five articles wins the scavenger hunt and receives valuable prizes for their new home. All the couples are given a week to complete their finishing second and third.

Two Cars Damaged

Cars driven by Edward H. McQueen, 23, and his wife, daughter of Mr. and Mrs. Thomas McRaven, 23, low street. Both at a junior high school in Forest Park near Chicago.

Two scavenger hunts are held during the competition, three couples competing. After a brief interview with Bill McQueen, master of ceremonies, each couple is given a list of five articles which must be found in the Venice area in a shopping mall at Hollywood, Fla. They then board electric golf carts which are driven by the brides.

GC Steel Worker Loses Both Legs As Crane Topples

William Dietz, 35, 2921 Lindero avenue, East St. Louis, a crane helper for the Granite City Steel Co., suffered the loss of both legs in an accident at the mill about 7:40 p.m. Thursday.

The crane's boom, traveling beneath the edge of the end of a large crane which toppled over on its side while lifting a yard locomotive. The collapse of the crane's boom caused the accident. Dietz was pinned for close to 45 minutes before mill workers could extricate him.

The accident occurred east of the company's basic oxygen furnace shop, directly behind the main office building of the Standard Gauge department.

Dietz was rushed to St. Elizabeth Hospital, where his condition was reported as satisfactory. He has worked for Granite City Steel since 1951. His wife is Mrs. Betty Dietz.

Enrollment Aug. 21 for Pre-School Program

The Granite City park district office will start accepting phone calls Aug. 21 from parents who wish to enter their children in the park district preschool program that begins Sept. 18. Harold Brown, park superintendent, announced today.

Only children who are between the ages of 4 and 5, and residents of the park district are eligible for the program, Brown said.

Classes will meet four times a week. The children will be taught games, songs, how to answer a telephone, coloring and other activities.

The only charge is 10 cents a day for refreshments. Parents will be expected to supply transportation for their children.

GC Police Issue 11 Traffic Tickets

Arrest tickets were issued to 11 motorists on Saturday by Granite City police who charged traffic violations.

Charged with speeding were Charles Clegg, 21, East St. Louis, and Madison avenue; I. L. Reagan, 23, 213 Delmar avenue, Davis Cornett, 2624 East 25th street; Delmar, Sonja Berger of Madison, Marilyn Weller, 13, Devil Hill drive; George Udell, 2248 Miracle avenue, and Randy Core, 629 English place, all on Madison avenue.

John White, 116 Roosevelt street, Madison, in the 2500 block of Grand avenue; and Larry Ryan, 25 Meadowlark lane, and L. F. Brown of Collinsville, on East 23rd street.

Jerome Prout, 1207 Rhodes street, was charged with carelessness driving in the 1100 block at Karpinski homes.

Driver Fined \$30, Costs

William A. Garnett, 53, of St. Louis, was fined a total of \$30 plus \$10 costs Thursday afternoon on charges of driving with an expired license and running a red traffic light filled for the morning, Nameoki and Pontoon roads.

Mokes Turn, Collides

A car driven by Priscilla A. Mullin, 2711 Marshall avenue, and Maureen Rooney, 2641 Angela drive, were involved in an accident 1:20 p.m. Thursday at Jackson and Narragansett roads.

Mullin girl was charged with making an improper left turn.

Auto Hits House

Charges of careless driving and operating a motor vehicle without a driver's license were placed against Jerry Lee Brown, 23, of 1228 Logan street, Nameoki, following an accident Friday afternoon in which his auto, going east on Logan, skidded out of control and hit the steps at the home of Mary Cain, 101 Logan street.

Auto Ramps into Wall

With the gear shift placed in forward by mistake, an auto driver by Mary L. Adams, 1802 Brentwood, was unable to stop the wall of the Red Barn restaurant, 3030 Madison avenue, knocking a hole in it, at 8:30 p.m. Thursday.

14-23 Days of Practice For School Grid Teams

Football practice for member dual field practice on each of 14 schools of the Illinois High School association's first meeting. School Association officially gets no school may play its opening game earlier than Friday, Sept. 13.

Some schools will issue equipment and arrange to have players take their required physical examinations at an earlier date, but under the rules of the association no school may practice or compete in the first 14 days before the second Wednesday preceding Labor Day.

Players must have engaged in a minimum of 90 minutes of activity, reports.

Hawks Cagers to Speak At Scout Meeting Here

A meeting of area scouts and their parents will be held Wednesday 7:30 p.m. at the Madison Neighborhood Service Center, 145 Madison avenue.

Maurice Harris, executive director of the Madison Neighborhood Service Center, the new units are Cub Scout Pack 10, Boy Scout Troop 93, Eagle Park Acres, and Cub Pack 93 and Scout Troop 93 in West Madison and North Venice.

All boys between the ages of 8 and 17 are being encouraged to attend the meeting.

Night at Races--Or Was It Softball in Loop Play

Was it a night at the races that were they really the ball game? Friday night. A total of 94 runs "pounded the track" in three successive games. First Assembly of God beat 2nd Baptist, 20-5; Community Methodist down Neighborhood Methodist 18-11 and First Methodist topped Graceland Baptist 19-6.

First Assembly with 25-hit attack, was spurred by Joe Baker and Dan Jones. Jones had

Tickets Available For Benefit Contest

Granite City Park Supt. Harold Brown has announced that the park districts has 50 tickets to the Cardinal Glemon baseball benefit game between the St. Louis Cardinals and Baltimore Colts Aug. 21.

The park district has made arrangements for two chartered buses to transport ticket-holders to and from the game. The bus leaves at 7 p.m. from 27th and State streets. The price of each ticket is \$4, including the ride.

This is the fifth year that the park district has been able to handle such tickets and furnish the ride. Orders may be placed by calling TR 7-3059.

Credit Union, Kirchner's in State Tourney

Granite City will be well represented at the state Class A softball tournament to be held at Urbana, Ill., Aug. 25 through Sept. 4. Kirchner's Hardware, who finished third in the state finals last year, and Granite City State Credit Union will be in contention for the state crown.

Kirchner announced that two of three players from last year's team will be playing again this year. The only fact to take into consideration when a team plays at state tournament.

Satch Page and George Sykes will work as the battery for Kirchner's. They worked as a combination for the team last year.

Hearts Trip Maryville 9-8, Credit Union Bows in Inter-City League

Southwestern Illinois Inter-City Baseball league produced only one Granite City winner Sunday when the Hearts defeated the Maryville Red Sox, 9-8.

These wins were adopted by the members of the association for the protection of the players and to promote equality in competition among the schools.

This fall, approximately 525 boys in schools belonging to the IHLA will participate in football.

Albert Willets, executive secretary, reports.

the downstate fisherman

(Compiled from reports received by Information Service, Southern Illinois University.)

Joe Widdows of the Southern Illinois University physical plant staff made mid-summer 1967 fishing history July 29, when he successfully maneuvered a net around largemouth bass into the woods.

Widdows, who regrettably announced last year he was forsaking his favorite plugs and spoon in favor of a plain old worm, said he was working the points at the northeast end of Little Grass Lake when he found the bluegill and occasional redear fish did the same at Lake Murphysboro.

The Devil's Kitchen Lake report is "Wow!" and Lake of the Ozarks could "Swoon" if the purple worm was in about 25 feet of water when the big one hit, Widdows said. "It never did offer to jump, just dove down like a channel catfish. I'd work him toward the surface and then he would take out line in another downward rush."

Widdows and his companion hooked six fish during the evening fishing spree but only caught three. The other two were small ones.

FISHING GUIDE records for the year show that the last 9-

pounder caught was April 30, also at Little Grass Lake, and by George Ross of Benton.

Elsewhere in Egypt the fishing was poor. Heavy rain, flooding and frequent thunderstorms conspired to keep the fishermen home and since Aug. 1 the squirrel hunting season has ended some sportsmen into the woods.

Horde of small to medium-sized crappie entertained the pole and line fishermen at Little Grass Lake, while bluegill and occasional redear fish did the same at Lake Murphysboro.

The Devil's Kitchen Lake report is "Wow!" and Lake of the Ozarks could "Swoon" if the purple worm was in about 25 feet of water when the big one hit, Widdows said. "It never did offer to jump, just dove down like a channel catfish. I'd work him toward the surface and then he would take out line in another downward rush."

Widdows and his companion hooked six fish during the evening fishing spree but only caught three. The other two were small ones.

Safety Quiz for Bicyclists Riding in Traffic

Each time a youngster takes to the road on his bike this summer he faces a man-sized job. Like motorists, he must have the know-how to cope safely with the ever-increasing amount of traffic.

The need for a young bicyclist to practice sound safety principles grows with each added car and bicycle—on the road, according to the Quad-City Safety Council.

Two of every three bicycle accidents occur because riders fail to follow basic bicycle "rules of the road."

The Safety Council suggests that parents ask their youngsters the following questions dealing with the special safety requirements of bicycling in traffic. Be sure he can answer all 15 questions before his next bike ride, the council adds.

QUESTIONS

1. What should you do before entering a street from a driveway or sidewalk?

2. It's important that you obey the same traffic signals and signs as motorists. Name at least three.

3. When waiting in traffic, where should you position your bike?

4. When approaching an intersection that has no traffic signal, what should you do?

5. What is the safest way to make a left turn at a crowded intersection?

6. Who has the right-of-way, a pedestrian or a bicyclist?

7. Give two reasons why weaving in and out of traffic is dangerous.

8. When approaching a parked car, what dangers do you face? How do you prepare for them?

9. What is a safe distance when riding behind a moving vehicle?

10. Why should you give hand signals before you stop or turn?

11. What are the hand signals for a left turn, right turn, and slow or stop?

12. What side of the road should you ride on?

13. Why is it dangerous to ride in the "wrong" direction on a one-way street?

14. When is it safe to carry a "passenger"?

15. How should you carry parcels?

16. How far should the sound of your bike's horn or bell carry?

17. From what distance should a rear light or reflector be visible to a motorist in the dark?

18. What is the best formation for two or more cyclists riding together?

ANSWERS

1. Wait for vehicles to pass. If you're headed for the opposite side, be sure the way is clear in both directions.

2. Traffic lights. Stop signs. Yield Right-of-Way signs.

3. Extreme right side of the road.

4. Slow down and look in all directions. Wait for any approaching vehicles to pass.

5. Disperse in walkways.

6. Pedestrian.

7. You may lose control near a moving vehicle. Motorists may not see your darting bicycle.

8. An occupant might open a door in front of you, or the car might pull out. Sound a bell and pass three feet left of the vehicle, traffic permitting. Be prepared to stop suddenly.

9. About 30 feet, or about five bicycle lengths.

10. Hand signals are a language that tells others what you plan to do.

11. Left turn—Extend left arm horizontal to ground.

Right turn—Bend left arm at elbow, forming right angle to body. Slow or Stop—Extend left arm almost directly toward ground.

12. Right.

13. On-coming motorists will not expect wrong-way traffic.

100% Participation Sought In United Fund Campaign

Participation by all Quad-City area by persons employed here who live in other communities is being sought for the 1967 Tri-Cities Area United Fund campaign, which opens in October.

M. B. Miloski, general chairman, said today that a major slogan for the \$36,000 fund drive will be "We Need Your Help."

"These essential health, welfare and character-building agencies will benefit from the United Fund, and we're asking for the help only you can give," the chairman added.

Special emphasis also is being placed on the campaign, Miloski said, on a nationwide basis, fair share giving to the United Fund is considered to be one hour's pay a month or one percent of annual salary.

Part of the \$36,000 United Fund goal is to provide money for expansions of services by the agencies serving the rapidly-growing area.

Zim Co. Registered To Handle Real Property

A Delaware corporation chartered for Zim Co., 1832 State street, has been registered in Illinois with the secretary of state, effective July 24, with a capital of \$1,000. The registered agent in Illinois is Sadie Zimring, 1832 State street.

Purpose of the company is to acquire, construct, convert, own, manage, dispose of and deal in real property. The firm's officers are Morris Zimring, Creve Coeur, Mo., president, and Ben Zimring, Olivette, Mo., secretary.

Employed as Teacher

John C. Langston, son of Mr. and Mrs. C. K. Langston, 644 Jefferson avenue, Venice, has been employed as a business education teacher at Alton high school. He received his Bachelor and Master of Science degrees from Southern Illinois University-Southeastern campus. He now resides at 1424 Milton road, Alton.

Consult

About This Question:

"More than 1,500,000 Credit Cards were reported lost or stolen last year, usually with a financial loss to the card owner. Can a Homeowner or Farmowner's policy be extended to cover such credit card losses, extending to forgery against personal savings and checking accounts?"

Employed as Teacher

John C. Langston, son of Mr. and Mrs. C. K. Langston, 644 Jefferson avenue, Venice, has been employed as a business education teacher at Alton high school. He received his Bachelor and Master of Science degrees from Southern Illinois University-Southeastern campus. He now resides at 1424 Milton road, Alton.

Consult

About This Question:

"More than 1,500,000 Credit Cards were reported lost or stolen last year, usually with a financial loss to the card owner. Can a Homeowner or Farmowner's policy be extended to cover such credit card losses, extending to forgery against personal savings and checking accounts?"

Home Notes

By Mrs. Catherine R. Mauck
Madison County Home Adviser,
Home Economics Extension
University of Illinois

Blanch Vegetables

Before Freezing

Always blanch vegetables before freezing them. Blanching helps to keep a high-quality frozen product, because it slows down or stops enzyme activity.

Enzymes are the chemicals that help all plants and animals grow and mature. But these enzymes have a destructive effect on frozen vegetables. If enzyme action continues when vegetables are frozen, it will cause them to become tough and lose their color and flavor.

Blanching vegetables takes only a few minutes. Scalding in boiling water is the most satisfactory method. A few vegetables, such as broccoli, pumpkin, and sweet potatoes, may be heated in steam. But never steam green leafy vegetables.

More information on freezing vegetables is given in the University of Illinois Extension, "How to Prepare Fruits and Vegetables for Freezing." For a copy, call or write Mrs. Catherine Mauck, Cooperative Extension Service, 900 Hillsboro, Ed-wardsville.

Select Washable Garments

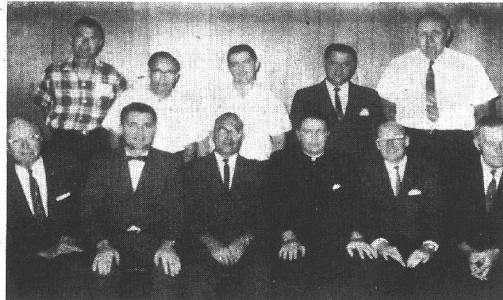

For School Wear

As you shop for school clothes for young children, look for "washable" features. Most clothes care can need are available in fabrics that can be machine-washed.

Remember that the term "washable" does not tell the complete story. Hand laundering requires extra time and energy, so choose garments that can be laundered in your equipment.

As you shop, examine the garment features. Look for deep, well-finished seams, well edges that do not fray easily. Check the design of the garment. Usually care instructions are stamped on the inside of the belt. Be sure the belt buckle or fastening will not rust.

Complete garment colorfastness to machine wash is important. Color buttons, decorative stitching, braid, and trim. Plastic buttons may fade in the washer or dryer, or melt on contact with a hot iron.

KNIGHTS OF COLUMBUS OFFICERS of Tri-City Council 1098 who were installed recently are, left to right—William Boerckel, chancellor; Dr. John Vasiloff, deputy grand knight; Leo Portell, grand knight; Rev. Thomas Treese, chaplain; Harry H. Hadley, advocate; and John Koenig, treasurer; and standing John Korscog, trustee; Al Lucash, lecturer; Ed Lenzi Jr., warden; Ed Lenzi sr., financial secretary; and Steve Saltich, district deputy and installing officer. Not in the photo are James Reinhardt, recording secretary; Perry Fechte, inside guard; and Frank Kierski, outside guard.

10TH CLASS OF NURSES AIDES to be graduated at St. Elizabeth Hospital under the Manpower Development Training Act. Taking part in Friday's ceremony are, left to right—Mrs. Betty Walston, instructor; Beverly Champlin, Quinciea Bennett, Barbara Schmitz, Rosetta Koonce, Alleea Williams, Freda Wheeles, Juanita Duckworth, Kathryn Harris, Patricia Garrett and Linda Allen.

DISCUSSING AMERICAN LEGION affairs during an officer installation program at Madison Post 799 last week are, left to right—Robert Summers of Tri-City Post 113, state VFW delegate to the national convention; Leon Whitley, new Post 799 commander; Alvin Valentine of Post 799, delegate-at-large to the national convention; Joseph Summers of the Tri-City post and John E. Lee, outgoing commander of Post 799.

Suggestions for Home Owners

BY WAYNE B. SIEFERT

Aphids and Honeydew

Aphid buildup on trees is an increased environmental problem involved. When the syrup-like honeydew and black mold begins to appear, then the griping begins.

This season is an ideal year for most trees, and the vigorous tree growth causes heavy aphid buildup. Aphids do not utilize the sugar in plant sap, and dispose of the sugar like droplets on furniture. The droplets are clear droplets that harden. When a black mold develops on the honey dew, the sooty color develops and usually

the griping too.

With this condition develops, the tree begins to show signs of fall. Occasional yellow leaves and maturing of growth.

Control of aphids is difficult on large trees, even if you spray one per cent water usually escape the treatment and quickly rebuild the population. The weaver, insect predators and beneficial insects, your trees and flowering trees are another story. Control is possible! Spraying with Malathion would provide effective control and encourage development of more flower buds for next season.

Patho Weeds

Instant control of problem weeds is assured if you spray them with sodium arsenite.

The sodium arsenite is particular what plant it kills, but is useful on driveways and patio areas when trees aren't too close.

The chemicals will not do enough damage to the plant, but will kill tree roots near the surface.

One application will kill all the annual weeds, like crab grass, goose grass and knot weed. Perennials like Bermuda grass will need regular treatments.

Sodium arsenite does a good job around poles, posts and along fence too. Use it to control grass around trees (unless you want tree control!).

Every garden store carries this material, but each company has their own product brand.

Yellow Nutgrass

If you have occasional light green grass plants or patches with trifoliate stems, you know what yellow nutgrass is. This lawn pest is tough to kill.

Prof. Jack Butler, turf specialist, University of Illinois, says use 4-5% of it in the spring. He is quick to admit it does very well, unless the treatment is repeated.

The other day Chuck Tosocky,

nurseryman at Edwardsville showed me his lawn treated with nut grass control. He used AMA (ammonium methyl arsenite) as recommended for crab grass. He sprayed it on the foliage using a garden hose attached sprayer. When he saw his first he had sprayed the lawn six times twice at three week intervals. Control wasn't complete, but only an occasional plant showed any large green leaves. The treatment was going to clean out the undergrass. These treatments cleaned out the occasional crab grass plants, too.

With this help, he treated areas survived the treatments. Regarding these areas may be a problem, but when surviving bluegrass is present, fertilizer and tall cut should help these survivors to take over.

New Trend in Nurseries

Nurseries are growing plants in metal pots (cans) to extend the planting season and avoid the problems of root injury when large tree roots occur.

The system seems well adapted for young trees and shrubs, and will offer you a chance to do more through the use of plants. Nurserymen use a sprayer can to take it home.

Rabbits and Cats

House cats seem just as susceptible to rabies as dogs, reports Prof. George Woods, University of Illinois College Veterinary Medicine. Illinois law does not require vaccination of cats, but Professor Woods recommends annual vaccination for both dogs and cats. He says cats can transmit rabies to other animals, especially dogs.

To help eliminate rabies, Professor Woods suggests teaching children to avoid unfamiliar animals and cooperates in control programs of stray dogs and cats.

For help eliminate rabies, Professor Woods suggests teaching children to avoid unfamiliar animals and cooperates in control programs of stray dogs and cats.

State Capitol NEWS

Granite City PRESS-RECORD
Mon., Aug. 14, 1967 Page 17

Illinois Exhibits

Illinois, the nation's leading exporter of food and agricultural products, will exhibit Illinois products in two major European trade shows.

Fifteen Illinois firms, representing a broad spectrum of locations in the state and product development, will exhibit Illinois products in state exhibitions scheduled for the Cologne International Food Fair, Sept. 30-Oct. 8, and the United States Trade Center in London, Oct. 12-20.

The Illinois showcase is designed to promote the sale of Illinois-produced foods in Western Europe. It is being sponsored by the Export Expansion Division of the Illinois Department of Business and Economic Development and the Illinois Department of Commerce.

New Boating Regulations

A U.S. Coast Guard approved life saving device is now required for each person on board any type of watercraft. This includes sailboats, rowboats and canoes.

This is one of many changes in boating regulations now in effect since Gov. Kerner signed the boating bill into law.

Information on changes in the Boating Code may be obtained by writing to the Boating Section, Illinois Department of Conservation, Room 102, State Office Building, Springfield, or contacting local boat dealers.

Award Record Contracts

A record total of more than \$2.5 million in contracts for highway construction and related work was awarded Aug. 1 by the Division of Highways.

The value of the contracts is the highest by the Division of Highways on a single day in history of road building in Illinois. Bids for the work involved were received on July 7.

Assistant Adjutant Gen. Named

Gov. Kerner announced appointment of Col. Harold R. Patton as assistant adjutant general and officer of the Headquarters, Illinois National Guard, to be assistant adjutant general, with the rank of brigadier general. He will succeed Brig. Gen. Donald R. Grimmer, who retired July 31.

Gen. Patton is a veteran of world war II and Korea and has been a member of the Illinois National Guard for over 22 years. He is married and resides with his wife and daughter at 64 Woodland in Springfield. Gen. Grimmer is a veteran of world war II and has 30 years of service in the Illinois National Guard, the last four years in the position of assistant adjutant general of Illinois.

Charged with Speeding

James Main of Staunton was issued an arrest ticket on a speeding charge Friday afternoon by Venice police in the 700 block of Broadway. Also charged was speeding Friday evening at Broadway and Market streets was Gary D. Jones, 319 Kirkpatrick Homes.

Conduct Charge

A charge of disorderly conduct was placed against Virginia Ruth Alford, 29, 4057 Kirkpatrick, who was taken into custody Saturday afternoon in the 2200 block of Iowa street. She was released to appear on notice for a hearing.

Hit-and-Run Accident

An old blue hit-and-run auto struck the right side of the auto of Rita Mitchell, 4609 Kirkpatrick Homes, while it was parked at her home at 3:25 p.m. Friday.

Driving Charge Filed

Robert J. Hordeky, 4955 Wilson avenue, was charged with careless driving at Cottage and Terrace lane at 11:50 p.m. Friday.

Institution Herds Hailed

Dr. Franklin D. Yoder, head of the Department of Public Health, described the milk sanitation program of dairy herds at Illinois' four major correctional institutions as one of the best emulations by all Illinois milk producers and processors."

Operators included those at Stateville Penitentiary in Joliet, Menard Penitentiary at Clinton, Pontiac Penitentiary, Pontiac, and the Illinois State Farm at Vandalia.

Each herd was praised for having met all of the state health requirements for production of Grade A milk. Berlin T. Campbell of Olney is institutional dairy inspector and has been having the milk production supervised and tested at the institution dairy herds for nearly 30 years.

Vermilion River Really Runs

Gen. Kerner signed a bill to name the Vermilion River between Pontiac and Cullom has taken on a red-bellied cast, according to Clarence W. Klassen, chief sanitary engineer for the Illinois Department of Public Health.

Upon examination, the water samples were found to contain an algae growth which, when blooming, is red. It is the Pontiac bloom, he said.

According to Klassen this is a natural phenomenon due to the presence of a bloom of a species of algae which under proper conditions of temperature and intense light, develops a red color due to hematocchrome, which masks out the ordinary green chlorophyll color of the algae.

Gen. Patton is a veteran of

world war II and Korea and has been a member of the Illinois National Guard for over 22 years.

He is married and resides with his wife and daughter at 64 Woodland in Springfield.

Gen. Grimmer is a veteran of world war II and has 30 years of service in the Illinois National Guard, the last four years in the position of assistant adjutant general of Illinois.

Common Disaster Clause in Will Becoming Increasingly Important

Tri-City and Illinois Bar Associations

The increasing frequency of accidents which take the lives of a husband and wife at the same time have made it necessary to include with a provision for such common disasters, as they are legally called, as they are legally called.

Without such provisions, disputes can arise because it is often impossible to determine who died first.

With the advent of the age, and the increase in travel by airplane and automobile, little thought was given to the possibility of common disasters in the protection of estates.

Today, by contrast, the properly-drawn will contains specific instructions as to what is to be done with their property should husband and wife should simultaneously or under circumstances which make it impossible to ascertain which person died first.

An example of a will that this possibility provides for the disposition of the entire estate to the children, if no minor children, or other beneficiaries if a common man dies first.

Generally, such a will also names the legal guardian preferred for the care of minor children. Otherwise, any interested person could petition the court to be appointed as guardian and disputes could arise.

This is a law which provides for the distribution of estates of Common-Disaster Victims is outlined in the following paragraphs.

Crime Must Be Conquered Or It Will Conquer and Overwhelm All

(Vandalia, Ill., Leader)

Crime held a pistol at the head of every American in a deadly, one-sided game of Russian roulette.

Every time crime pulls the trigger, we have one chance in 70 of being its victim.

Odds of 70 to 1 in horse racing may seem attractive, but not when human lives and property are at risk.

Even the most reckless gambler wouldn't back such odds against a lineup of murder, rape, assault, burglary, robbery, bribery and auto theft.

Local families are pitted daily against the lineups and at those odds, they are getting worse daily.

The 70 to 1 figure is based on the number of crime shown in the Federal Bureau of Investigation statistics.

The breakdown is a murder every hour, a forcible rape every 23 minutes, a robbery and an aggravated assault every two and one-half minutes, an auto theft every minute, a larceny every 27 seconds.

At this rate, time is rapidly running out for the people.

Why does crime make such formidable advances each year? Are the police to blame?

Conference Available to Those Seeking Income Tax Audit Review

(This column of questions and most \$600 this summer. If he answers on federal tax matters is provided by the National Office of the Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.)

Q—I disagree with what your agent proposed as a result of my audit. What can I do? I can have someone else review the case without making a court case out of it? The amount involved is only several hundred dollars.

A—You should inform the examining agent that you do not agree with his proposed adjustments and desire a district conference. A conference will consider your side of the story as well as the examining agent's and attempt to reach an agreement on the basis of the facts and law involved.

No formal or written protest need be made to obtain such a conference where the amount of the tax liability in question is less than \$1,000. The previous limit was \$1,000.

Q—I plan to sell some property I inherited from my grandmother. How do I tell whether I have any profit to report?

A-The basis to use is the fair market value at the time you inherited it.

If you obtain more than this value when you sell, then you will have to report the difference as income.

Don't forget, however, that you may deduct expenses you have in connection with the sale to determine whether you have a profit or loss.

The treatment of gains and losses from the sale or exchange of both business and nonbusiness property is covered in IRS Document No. 508. For a free copy, send a postcard to your district director.

Q—My teenager has earned al-
